## Privacy of Personal Information and Approval for Release

### 1. Release of information to other members of the NZHCS

I understand that my personal information will be used by the Society for the effective management of the Society and of the Society's herd book and agree to allow the Society to access DNA samples and or DNA profiles of animals bred/owned by the member for the purposes of identification or proof of parentage of highland cattle owned or bred by members of the NZHCS.

Personal information may be made available to other Society members through internal publication of membership lists and herd book information.

### 2. Release of information to the public by way of the Society's web site

*Tick if yes*

I approve of my personal information being placed on the Society's web site

### 3. Release of information to select providers

*Tick if yes*

I approve of my personal contact information being released to select providers of information that can add value to me as a breeder of highland cattle and or a member of the New Zealand Highland Cattle Society

Signed: \_\_\_\_\_ Date: \_\_\_\_\_
